

## Standard Operating Policy and Procedure Guide

<b>Department</b> Operations	<b>Type</b> Operations	<b>Effective</b> 8/15/11
<b>Number</b> 3.4.2	<b>Topic</b> Deceased Patients / Morgue Transport	<b>Approvals (A/L)</b> DM/WR

### OVERVIEW

Although rare, Amerimed will complete transport of deceased patients as requested by contracted facility.

### SECTION A

Patient(s) should be placed in a body bag provided by the facility prior to leaving. Crews should verify the identity of the body prior to transport

Amerimed Transport ePCR should be completed.

Amerimed Communications/Customer Service should be contacted prior to reaching destination to ensure room for the patient and staff is ready to receive the patient.
